What our clients say...

"Hollister provided top quality work for KBR in (large metropolitan areas). They have indicated that no job is too small, too large, or too complex for their ability... They displayed honesty, hard work, pride and integrity in completing their contractual obligations. They utilized current and best practice industry proven methods and equipment for completing their work while ensuring safety was their number one core value. ... I would highly recommend Hollister Construction Company be considered for any future work that you might have." Robert "Sonny" Tapscott, Senior Project Manager KBR Government & Infrastructure

KBR

"The range of projects that Hollister has undertaken for Grainger is very wide. It includes everything from emergency repairs to tenant improvements to ground-up construction of entire buildings. Because of Hollister's broad-based knowledge, their personal attention to their customers, and their ability to manage multi-trade projects simultaneously at geographically diverse locations, for the past 11 years I have awarded Hollister renewable annual contracts to perform both planned and unplanned work in multiple buildings. To date, they have worked at more than 100 Grainger branches and distribution centers in 26 states and Puerto Rico. Hollister has earned a reputation for prompt service, fair prices, exceptional workmanship, courteous trades-people, and true professionalism....As I reflect upon all of the major business decisions I have made in the past few years, my decision to hire Hollister Construction is clearly the best one yet."

GRAINGER
FOR THE ONES WHO GET IT DONE

Dr. David Smidt, PhD Regional Property Manager, Grainger

I have had the privilege of working with Hollister Construction on a very large and complicated project. This was a tenant build, but they kept the property manager and myself very much in the loop. Hollister's team performed in a professional and responsive manner. The open book approach to change orders and costs made me feel confident that she was looking out after the owner's interest in keeping costs in line with our budget. I can confidently recommend Hollister Construction Company without any reservation whatsoever.

Carol Taylor, PM Realty Group, LP

"Hollister's...personnel were very knowledgeable and extremely professional in all aspects of their work. [Their] attention to detail and professionalism... indicate... they are equipped to handle larger projects..."

Michael Zelaska, Project Manager, US SEC
